RE: Fire Protection Systems

To Whom It May Concern,

CSS is a full-service company that provides comprehensive commercial life-safety solutions to clients throughout the western/central Florida region. CSS is fully licensed and insured employing trained technicians that are State and NICET Certified.

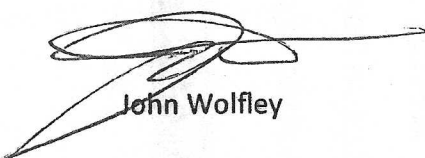

This letter is to certify that CSS is currently contracted with the Barclay at Town Shores to provide all of the National Fire Protection Association and Florida Fire Prevention Code required tests, inspections, and monitoring for the following systems:

- Fire Alarm System
 - Fully addressable system with automatic and manual initiation devices in all common areas.
 - Phase I and Phase II fire fighter services with elevator recall functionality.
 - Audio and visual notification of building fire emergency in all common areas as well audio notification inside each condominium unit.
 - 120V single-station smoke detectors installed immediately outside of each bedroom.
- UL listed 24-Hour Monitoring
 - Long range two-way supervised radio monitoring of fire alarm system.

Please let us know if you require any more detailed information and we will gladly do our best to assist you.

We look forward to serving you for many years to come!

Sincerely,

John Wolfley
