

TOWN SHORES OF GULFPORT
212 THE DIPLOMAT CONDOMINIUM ASSOCIATION

ACR ADDENDUM FOR
STORM DOOR REPLACEMENT

The only approved replacement storm doors are the Anderson 3000 series Self storing screen full view door or the Larson Tradewinds Retractable Screen Away full view door. These doors are available for purchase and installation from Home Depot and Lowes, as well as many other reputable dealers and installers.

When installing your new door, it must close on a threshold. The sweep cannot touch the walkway surface. Grinding or alteration of the walkway surface is prohibited. **Be sure to inform your installer of these requirements as additional work may be required.** Should your installer need clarification or additional information have them contact a building committee member.

Failure to meet these requirements may result in the forfeiture of your deposit and/or re-installation of the door.

By signing below, you acknowledge these requirements and agree to follow them.
